You should have received an email from election@csinet.org in early February with their election username and password. We have candidates from the West Region that are seeking a spots on the Institute Board. Show your support and don't forget to vote!

CSI ACADEMIES

This spring the CSI Academies will be in our backyard with San Francisco playing host to this national event. Take advantage of this event being close at hand and plan on attending from April 16 to 18, 2015. For more than 60 years, CSI has focused on improving construction communication between architects, specifiers, product reps and others to save money, time and stress for all the parties. The CSI Academies teach construction industry skills that can improve your performance.

There are three tracks to the Academies: Product Representative Academy (PRA), Contract Administrator Academy (CAA), and Construction Specifier Academy (CSA). Something for everyone in the construction industry. The information and skills you gain you'll be able to use tomorrow!
